Morocco is coded as a monarchy for the entire observation period. Muhammad V (Mohammed V) ruled as Sultan at independence in 1956. There is no SOLS change at independence. Muhammad V belonged to the Alawi (Alaoui) dynasty (Morby 2002), supposedly descended from Muhammad. According to Worldstatesmen.org, in 1957, Muhammad V changed his title to King. In 1961, Crown Prince Hassan Moulay bin Muhammad ascended the throne to succeed his father as Hassan II. This is not a SOLS change. In 1999, Hassan II's eldest son Crown Prince Sidi Mohammed succeeded him as king, ruling as Mohammed VI. This is not a SOLS change. Thus, there are no SOLS changes for the entire observation period.
